RESTORING YOUR MEMORY WITH REMEMBER WHEN

If your memory is slipping or has slipped, you had better do something about it! If there are emotional problems affecting your memory go to your minister, priest or spiritual counselor and unburden yourself. In order to fix the brain and physical part of the problem read on. For centuries, the elephants of Ceylon south of India, achieved fame for their excellent memories. What do they do different from other elephants? They eat the leaves of a little water lily known as **Gotu Kola**. We can also use the leaves of the male and female Ginkgo trees, which are known to increase the blood flow and circulation to the brain. Taken on a regular basis these two herbs, **Ginkgo** and **Gotu Kola**, seem to do a pretty good job of bringing back the long term memory. For short term memory, use the herbs: **Bladderwrack** and **Chlorella**. **Bladderwrack** is a sea vegetable and storehouse of minerals, vitamins and trace elements. You may have read that aluminum has been implicated in Alzheimer's Disease. One of **Bladderwrack's** many abilities is to bind with the metal aluminum and usher it out of the body. Aluminum, unfortunately, is found in many things from baking powder to soda pop cans. It also enters the body through some underarm antiperspirants. When you get the inorganic aluminum out of the body, it helps to restore the nerves, glands and brain function. Use the plant **Chlorella** to get rid of mercury and heavy metals. **Chlorella** is not a sea vegetable, but rather a part of that golden colored algae found in summer ponds. It is a very nutritious single-cell plant. This plant has the ability to pull poisonous heavy metals, such as mercury and lead, out of the nervous system. Also, get the poisons out by eating right and then watch the repair take place. Keep in mind, when poisonous metals leave the nervous system, a poison antidote herb such as **Black Cohosh**, should be used to counteract the feeling of agitation during the cleaning process. Also, use **Wormseed** to correct and counteract the effects of many kinds of strokes which may cause memory loss. We have now joined these proven and tested herbs together to create the formula **Remember When**. When taking **Remember When** it is also a good idea to take 4-6 capsules of Lecithin per day to put the insulation back on the nerves and brain cells so they won't short circuit.

PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

January 23, 2008

“Carry Herbal Adjustment with you at all times, the life you save could be your own! In September 2007, my husband was working with a chain saw on our land. I heard the work stop and approximately an hour later he showed up at the camper. I noticed his left pupil enlarged twice the size as the right. His voice was slurred and very hard to understand. The left side of his mouth was dropping down almost to the chin and he was completely confused. It was obvious he had suffered a stroke. I still wonder how he made it back to the camper. I immediately started giving him doses of Herbal Adjustment. First dose was four droppers full or approximately 80 drops of Herbal Adjustment in a dixie cup of water, five minutes later I repeated the dose, 10 minutes later another dose. By the third dose his left pupil and sagging mouth were back to the same size as the right. The doses of Herbal Adjustment were administered every two hours from this time for the rest of the first day. I added Sassafras (four droppers full or approximately 80 drops, four doses per day) to thin the blood and Chestnut Leaf (four droppers full or approximately 80 drops, four doses per day) to prevent any blood clots from forming along with his vitamin, Vita-Lixir (one dropper full or approximately 20 drops per day). He was still very confused and having trouble with feeling and movement in the left arm and legs. Walking was strained and he had to think about every step. That evening I needed to hold the bowl while he ate soup. By the third day he was walking without holding onto the walls, eating on his own and talking much better. Within two weeks he was sitting on the backhoe while my son drove the tractor. He continued to get better and better every day! He was driving within a month and within a couple of months the slur in his voice was unnoticeable. At this time I decided to add Mel-W to his daily herbs to repair any remaining damage to the brain message centers. By the time two months had passed no one would ever have guessed he had gone through a stroke. Thank you all at Pure Herbs for the excellent products you produce and I thank the Lord for bringing me to Pure Herbs. It saved my husband from years of rehabilitation.” —C.D.D., Jefferson, OR

“I just wanted to write a little testimony about my daughter. One morning she got up from bed and she was sick. She couldn't walk and she was shaking all over. We took her to the hospital and she was there for three days and they could not find out what was wrong with her. They took all kinds of tests each day and we thought they would surely figure out what was wrong with her. After three days of testing they said everything is clear so we asked if we could take her home. They cleared her to go home, but we still had no answer as to what was wrong with her. We decided to go see Paul Hilty and he put her on some herbs. Within a week we noticed a big difference in her. She could walk again, she got up in the morning without crying and went to eat breakfast which she hadn't been doing. She also played with the other children whereas before she would just sit on my lap and cry. After about two weeks she said, ‘mom I don't shake anymore’. The biggest thing about this improvement is we didn't even give her the herbs internally because we could not get her to take them because her stomach was so upset. We decided to just put the same amount of the herbs that she was supposed to take internally, into a bit of warm water and had her soak her feet in it for about 15 mins. twice a day. When she was finished with soaking her feet the water had a black color. Thank you Paul Hilty! We now have a completely different daughter. She is five years old and is now very active. The herbs used in the foot soak were: Black Cohosh, Licorice Root,

H.M.E.-H, Chlorella and Bladderwrack (4 oz. bottle of each applied externally. We also used a 1 oz. bottle of Arnica Oil Blend which was applied externally).” —The Schwartz's, Reading, MI

January 2008

“My husband started taking C.S.-W (40 drops three to four times per day) a couple of months ago because he couldn't breathe well. He has a problem with a heart valve. He couldn't even walk up a flight of stairs without stopping to catch his breath. Now he can walk up the stairs and do other things he had to stop doing. It's just wonderful to see the improvement in him and to have him feeling better. Even his doctor is pleased with his improved breathing.”—J. L, CT

"Just wanted to let our readers know how true and pure, Pure Herbs products are! I began taking Pure Herbs through a distributor named Lamar Harris. He supplied my first bottle of herbs (Vita-Lixir) at his own expense. I had been diagnosed by doctors with severe hypoglycemia and they said I must take a Prozac type medication to help me accept that I would never work again. The doctor put me on high blood pressure medication because I was fainting on a regular basis and basically told me to go home and never live. Larmar met me at the mailbox one day and asked what was wrong because I looked so sad. I told him what was going on and he said he was going to bring me something back and it wouldn't cost me anything. I just had to believe that it could help me. From that day forth, I have no hypoglycemic sickness. I only lacked protein in my diet which I now take in liquid form from Pure Herbs. I also take Three Bee's, C.C.E.-W, A.C.S. and Mugwort and Wormseed. I no longer have high blood pressure! I live a great life and have helped many others, just as I was helped to correct and live again! I took it one step at a time and my body is healed of sickness and disease! After many years of success I just want to say . . . Thanks Pure Herbs!" —L. K. O., Clinton Twp, MI

"I was notified by my son's school to come and pick him up because he was sick. To my shock upon arrival I witnessed the most horrifying sight a mother could ever see! My son had experienced an allergic reaction to something he had eaten and his face had swollen like he had been in a championship fight. Luckily at this time, I am taking an herbal practitioners class and I immediately called my teacher, Dawud

Rahaman to find out what he thought I should give to my son. He suggested Black Cohosh, Virginia Snake Root, C.C.E.-W. I also looked in my herbs and condition book and read about L.A.S.-JB which is for quick relief of allergic reactions. Once I arrived at the Pure Herbs office and received the herbs, I immediately gave him the L.A.S.-JB. I gave him 1 capsule broken open and I poured the powder into his mouth, followed by water and the rest of the liquid herbs. Before I got to the highway to head home (about 7 minutes from the Pure Herbs building) I could literally see his lips decrease in swelling and his eyes appeared a bit smaller. Within two days he was completely healed. Thank God for the herbs that He has placed here for our food and nourishment and thank you Pure Herbs for being wise enough to make them available for all who have the knowledge of them." —T. H., Detroit, MI

"Well Summertime brought my own gang of skin issues under the breast. Why? Well, probably from perspiration and a genetic predisposition toward Seborrheic Keratosis (a genetic skin condition where non-cancerous growths appear on the outer layer of the skin). First, I decided to take Rice Bran, All Cell Salts, Wild Rose Hips and Sarsaparilla extracts internally once per day. Externally, after showering, I made sure that the area was thoroughly dry (blow dryer on cool); then I powdered with baby powder with Aloe and Vitamin E. Then I applied the following mixed together: Herbal Adjustment, Can-Sol and R.S.T.-C. This combination, I am happy to report, has made my skin very happy and the Summer Sweat Gang has disappeared." —I.S., Montmorenci, SC

September 2, 2007

"When our newborn contracted whooping cough (from the doctors office on a well visit) our family was put on quarantine for three weeks by the Health Department. I immediately applied Indian Tobacco and Mullein to her chest and gave her a few drops internally. She stopped turning blue from constrictive airways within 24 hours and by about 48 hours was acting normal. We continued these herbs for a full week and our family was out of quarantine by the end of the week to the doctors surprise! Thank you Pure Herbs for saving our baby's life." —AA, Aurora, CO

November 2, 2007

"To everyone who reads this I am pleased with the product S.D.-R as it works very well for the kidneys and Gall Bladder. My husband and daughter wouldn't want to be without it, as well as any of the Pure Herbs products used! I myself have used Pure Herbs products for years."
