**A.C.S. (ALL CELLS SALTS) — ON SPECIAL THIS MONTH!!!**

(MINERALS) - The combination has a seafood taste and is the most interesting because it has all the 13 organic tissue salts, which are found in the body. Each different type of tissue in the body contains a different concentration of mineral salts and elements, which make up its construction and insure its proper function. This combination contains all of them. It is truly a source of food for every cell in the body. Organic minerals will replace inorganic mineral buildups in the body and this combination excels as a cleanser for that reason. The salts break up congestion in the cells and the fluid that surrounds them. This could be described as a type of "chelation therapy." Not only is the cell choking accumulation removed, the new minerals and elements are right there to replace worn out parts. This

represents a tremendous advance for herbal science. As the wastes are flushed free from the cells, the urine often clouds up and smells strange as well as with the bowel. There may be strange tastes in the mouth as the sinuses clean. Five to six 12-oz portions of spring water should be taken daily to complete the flushing process. Sometimes this process continues for months, but at a safe rate. When the urine is no longer cloudy and the stool no longer has strange smells, the flushing is complete. A clean body is now ready to survive for a very long time. A maintenance amount of 40 drops three times per day should keep the body clean. This combination is recommended for expectant mothers and while they breastfeed their child. The children thus fed are calmer and quieter with improved development from the high quality of nutrients to be found in this combination.

**CONTENTS:** Neutral Grain Spirits (38%), Distilled Water, Bladderwrack, Atlantic Kelp, Arrow Root and Irish Moss.

**NOTE:** The appetite may decrease during this time and weight loss may occur due to the cleansing process, however, as this combination is also a food of the finest type, there is no need to worry and the increased energy is a blessing. All Cells Salts (minerals) can be used as a source of herbal calcium-magnesium.

**DOSAGE:** For general and all-purpose use for full spectrum mineral supplementation, 40 drops, three times per day. For oral chelation, start with 40 drops three to four times per day. Within the first three weeks of use, work up to 120 drops three to four times per day. It is okay to estimate the drops. A person soon learns to be quite accurate with this. Each time 120 drops of A.C.S. is taken, 16 oz of water should be taken to flush away what has been dissolved. If pregnant or nursing, 40 drops three times per day. If capsules are preferred, three capsules, three times per day.

**IN CHARGE OF PRODUCTION SAYS:**

"We are in the process of capturing the strength and freshness and promise of the new Spring crop of herbs for you."

## PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

### December 12, 2008

"Just wanted to drop a quick note to tell you about my wonderful pregnancy, labor and delivery using Pure Herbs. I began by using P.N.-W. In the past, I have always taken a prenatal vitamin tablet, which is usually difficult to swallow when you are nauseous. Using the prenatal liquid was very easy to get down during the first couple months of morning sickness. During my last six weeks, I began using L.6-W to prepare my body for delivery. This was my easiest baby to deliver yet. . . and this is number seven! He was born in 45 minutes. At the beginning of hard labor I rubbed Arnica all over my belly and my back, followed by Herbal Adjustment. I also rubbed essential oil of Spikenard on the bottoms of my feet. This is the second baby I have had standing up, and gravity definitely works with you! I gave one big push, and our baby boy was here! I tell everyone, if you want to see God, have your baby naturally and at home. . . what a beautiful experience. A couple of weeks after he was born, I began using M. & B.-A for my breast milk. All is well. He is a fine healthy boy! I was able to go back to work after only two days and I was full of energy! I am so thankful to you Dr. Watkins and your years of herbal nutritional wisdom. God Bless!" —L.S., Memphis TN

### November 6, 2008

"I've heard so much about the appalling procedures and drugs being done to and given to the babies and it grieves my heart and soul. Many parents confess 'after the fact' that they didn't know that such wonderful alternatives existed or they would not have subjected their children to such torment. Thanks to God's mercy, an herb friendly family and Pure Herbs here is a testimony about a little guy who is now healthy and strong. I wish you well and courageous." —Jonny Yaden., The Woodlands, TX

"We were contacted by the agency from whom our two girls had come to us saying they had a six week old baby boy, but he had some very serious health issues having been born of a cocaine addicted mother who also had syphilis. He was one month premature, was on a feeding tube and heavily medicated. The doctors said his liver was enlarged and that he would have liver disease. Also his spleen wasn't working. The syphilis had reached the brain and the doctors said to expect him to be retarded. The agency understood if we did not want him, but asked if we would consider taking him home as foster parents and give us time to think about adoption. At eight weeks we brought him home from the hospital and were shocked at how horrible he looked. He was completely yellow and covered with painful oozing blisters. I called Jonny Yaden and told her the details and tearfully choked out one question, 'Is there anything we can do to help him?' Jonny gave us some herbal suggestions and some very common sense lifestyle suggestions like daily sunshine and keeping him close to my body with a front/back sling so he could feel the love. We gave him a full spectrum flora. We also gave him drops of A.C.S., Wild Rose Hips, Three Bee's, Catnip, Fennel, Chamomile, and Ol' Number 11 alternating with a combination of P.A.K, C.C.E..-W, Olive Leaf, Indian Tobacco, Can-sol, Garlic and Plantain. These were also put in his bottle. To his blistered skin we applied a mixture of Five Oils, Vitamin E and Vitamins A & D. After about 3 1/2 months I took him to visit the nurses at the Infectious Disease unit who had been worried that he wouldn't make it. They couldn't believe it was the same baby. In between four and five months both the Infectious Disease doctors and his liver specialist doctor released him saying there was no sign of liver disease or infection. Also, at this time the children's special staff who do home visits came to observe him. They said, 'There is nothing wrong with this baby. . . In fact he is about two months ahead of his skills.' They stopped their visits. We are so grateful to God for the gift of health for our newly adopted son and for the assistance of Jonny and the wonderful provision of Pure Herbs extracts. One day he will know how God used His healers to give him a new life." — Grateful in Texas."

### July 9, 2007

"My daughter who is ten years old was 16 pounds overweight and very upset and crying because every one of her friends were skinny, but not her, and she was always so tired and could not control her need to eat all the time and ate too much. I started her on Hoodia daily and she has lost 20 pounds! She is no longer overweight and no longer so tired all the time. She also doesn't have that uncontrollable urge to eat 24 hours a day! Wow, what a blessing! Her self esteem is so much better! Thank you so much." —Kim, Warren, MI 586-806-1547

**December 22, 2008**

“Hi! Not all men are willing to go to a doctor and my husband is one of those men. For two months Bob used a cane because his ankles were swollen and in pain. His elbow was also hurting him. I had to go to the doctor for my carpal tunnel in my wrists and I asked my doctor what to do with a man that won’t go to a doctor? He said, ‘Make an appointment’. I took his advice and my husband had X-rays taken which revealed he had arthritis. Thanks so much Pure Herbs for A.-W. Only one week on that product and his elbows and ankles are 90% better. He takes two droppers in the morning and two at night.” — B.H., Dover, NJ

**December 12, 2007**

“I want to share my excitement with all that read your Newsletter. It was about nine years ago when my mother was diagnosed with Minere’s Disease. Her episodes with this were so bad she would be so dizzy that she couldn’t move and she would end up vomiting and then she would sleep for hours. It would take about 24 to 36 hours for her to feel better. These episodes would happen so often that she wouldn’t drive anywhere by herself. She had also lost all the hearing in her right ear. I decided to order Pure Herbs products to see if they would help her. They have, in my mind, been the biggest blessing we could have ever asked for since my mom started using the products E. & E. –B, Indian Tobacco and Mugwort & Wormseed Combination. She has not had even one episode and she is starting to get her hearing back in her right ear!!! Thanks to everyone that has made these marvelous herbs available to us.” —S.C., Webster, MA

**April 17, 2008**

“I am grateful to Pure Herbs products for so many things. As a naturopathic doctor, I can vouch for the efficacy of these supplement for so many conditions. Most recently I had been using Crampbark & False Unicorn Root for my three year old English Cocker Spaniel, who had fertility problems. Her first breeding just produced a false pregnancy; so I started giving her 1/2 dropper of Crampbark & False Unicorn Root and 1/2 dropper of Red Raspberry Leaf daily for four months before the next breeding. This breeding produced a pregnancy. I continued Red Raspberry Leaf to strengthen her uterus and added Chlorella at 1/2 dropper daily. I wanted healthy puppies, and the Chlorella, as an almost complete food supplement, could do it. Most dogs of this breed and size have a first litter of three puppies on average. Winnie had FIVE vibrantly healthy puppies. Not only did they immediately start breathing on their own at delivery without suctioning, but their skin was a healthy pink color. In addition, the usual size of these puppies ranges from about six to nine ounces. Her first baby was a boy weighing in at one pound three ounces! The following four girls weighed between 6 and 7 ounces. Due to the Red Raspberry, Winnie had no problems with delivery, despite the size of the litter. All five puppies were born smoothly and quietly within two hours. The veterinarian commented, ‘These are the healthiest puppies I’ve seen in years!’ And he noted that her uterus had very good tone.”  
—Dr. Gael Riverz, ND 262-646-2797

**July 9, 2007**

“I used to suffer from nearsightedness, horrible night vision blindness and astigmatism in my eyes. I started taking Eyebright and within two weeks I was amazed to notice that the bright sun no longer bothered me, I had no more night blindness and my nearsightedness had greatly improved. Thank you Pure Herbs!” —Kim, Warren, MI 586-806-1547

**March 16, 2009**

“Just thought I’d share a couple of good experiences I have had with your great products! Red Raspberry Leaf is great for my pregnant customers. It helps to soothe the stomach, strengthens the uterus and to over all have a very healthy pregnancy. It is also a good source of iron which is very important for those ladies. Plus, it is also great to take after the baby is born because it helps to enrich the mothers milk. One of our great herbs for the female system. Another herb I use a lot not only for pregnant ladies, but people in general is the A.C.S. combination. It is a great source of minerals, great for joints, bone spurs, muscle spasms and it helps to strengthen the thyroid too! One should make sure to drink a glass of water after taking the A.C.S. to help flush the system. This mineral source is a great food for every cell of the body. How great is that!?! Thanks for your wonderful products.”
