NEW PRODUCT ANNOUNCEMENTS!!! (AS OF FEBRUARY 1ST)

"WILD" PEPPERMINT OILS

We now have two Peppermint Oils. They are both great. One Peppermint Oil is called PEPPERMINT OIL and is the same wonderful product you have come to use and rely on. The problem is at some future point when our present stock is gone and we have to re-stock, the new price will be at least double what you now know. Why this happened is because your government now recognizes only one particular type of Peppermint plant oil as being officially called Peppermint Oil. You can imagine this is like saying only one type of rose can be called a rose from this point on. So guess what, now the demand is so great for the one official Peppermint plant oil, its price has skyrocketed. Months ago when we found out about this, we looked for other peppermint plants which produce oil. There are many. Some of the finest are from Canada. From this search we found a wonderful blend of "WILD" PEPPERMINT OILS for you. They are somewhat different in character but, they work beautifully and they taste and smell great. We believe you will enjoy the refreshing difference that the "WILD" PEPPERMINT OILS provide for you. And here is the best part: WE DO NOT HAVE TO RAISE THE PRICE! You pay the same price as you now pay for Peppermint Oil. Compare below and see:

"WILD" PEPPERMINT OIL DISTRIBUTOR PRICE:

1-OZ. 4-OZ. \$7.00 \$21.00

SUGGESTED RETAIL PRICE:

1-OZ. 4-OZ. \$9.00 \$27.00

Notice: At this time we must discontinue the Herbal Adjustment Set and Big Five Set. Both Herbal Adjustment and Big Five are still available of course, just without the bottle of Peppermint Oil. Now you have the choice as to which oil you wish to purchase, Peppermint Oil or "Wild" Peppermint Oils. Both natural plant oil products (essential oils is another name for them) are very aromatic, highly concentrated, penetrate swiftly and highly effective. For use on Peppermint Oil, please see your "Herbal Extracts" Build Better Health with Liquid Herbs or your new "Herbs For You" Build Better Health Naturally book. (Peppermint Oil price will remain the same while supplies last).

PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

11/ 24/ 2008

Thank you for all of the God-given herbs which you dispense.

“I go to a healthcare practitioner, Skip Forsell, every other week for reflexology treatment for my back and sciatica in my legs.

This past week everything went as usual with one exception, Mr. Forsell used Joint Helper on my spine and shoulders, and across my lower back. He followed this up with Peppermint Oil and Herbal Adjustment.

When I returned home, suddenly I realized I was walking with no pain! I could not believe it. I always feel fine when I leave his office, but this time it was different in a more positive way. I had **NO PAIN AT ALL!**

I figured that this had to result from his use of the Joint Helper since he uses the other herbs most of the time. Skip told me this was a new product. Thank God for its benefit. It was great! The pain was still gone the next day after this latest treatment.

I want to thank Pure Herbs sincerely for a great product and even greater results. Thank you once again.” -Mary Dibella, Tabernacle, NJ.

11/18/2008

“Over the last year or so, I’ve fought off some urinary challenges, the result of which has been that I’m often waking up two to three times a night to urinate. Nothing painful, just interrupting my sleep. I started taking Tart Cherries Extract, about 3 squirts in half an inch of water at bedtime along with my other bedtime supplements, and have found that I sleep through a solid 6-7 hours, without interruption. The best thing about Tart Cherries Extract is that if you need to be awake in the middle of the night for some reason, you are clear-headed, and when you wake up in the morning, you are also clear-headed, not groggy in any way, as well as totally well rested! Thank you PHL for giving me the sleep I need!” -Neva Strom, New York, NY

“I recently started having kidney pain which turned out to be kidney stones. I started using your product S.D.-R, and continued to do so. Through this past week I was able to save some of the small particles/stones that I have passed. Before taking the sample in to the Lab I added some urine to the container thinking this was wise... I dropped the sample off at the Lab, sharing with the Tech how I was using herbs to dissolve the stones and that this seemed to be working. Today my doctor’s nurse called and said that there was nothing in the sample at the Lab. The Lab Tech had told the nurse that I was taking herbs to dissolve the stones and that they had indeed dissolved. The nurse didn’t know what to say other than not to put urine in the container next time. Thank you “Pure Herbs” for your great products!!!” -R. Reed, Pueblo, CO.

To all my wonderful friends at Pure Herbs.

“A very reluctant man was brought in by his wife to see me. By his side was a canine companion provided by an assistant group. The story I learned was this gentleman has been plagued by seizures since birth. His canine companion is by his side 24/7 to assist him if he has a seizure while in bed. The fear is he might be on his stomach when a seizure would hit him and it was feared he would smother him to death not being able to turn his face away from the covers. After looking at his eyes (Iridology) and muscle testing him I suggested Lady’s Slipper. It was reported to me a week ago that this man that usually had 15-20 seizures per day is having maybe 1 mild seizure per day. Thank God and Pure Herbs for the marvelous herbs.” – Terri Stevens, Connersville, IN

11/18/2008

“As a Certified VoiceBio Analyst, my assessment of clients can see how much energy they have in their thyroid. Most of my clients are extremely low and in need of iodine supplements. I have several products I muscle test them on, including T.-W, Kelp, Dulse and Black Walnut, but many people seem to have a hard time having their body hold the iodine they are taking. When my upline, Dr. Richard Dicks, came back from the October 2008 Convention, he was so excited about Cleavers. He had learned from another attendee that Cleavers helps the body hold the iodine. Richard taught our class about this, and we all muscle tested for whether we needed it at all. Externally applied at the base of the throat, internally, or both. I tested needing both. Now, every morning before I take my T.-W and other iodine sources, I put a couple of drops of Cleavers at the base of my neck, and a couple of more drops in my liquid chlorophyll/iodine solution. As a result, my iodine level has stabilized, which in turn has my thyroid operating better for normalized sleep patterns and good daytime energy, and my menstrual cycle is back to normal after an incident of excessive bleeding (5 days of very heavy flow-I used Shepherd’s Purse to slow it down). Thank you PHL for your products and for all the leaders who attend the Convention and share their knowledge with each other! Together, we are becoming healthier.” -Neva Strom, New York, NY

“My son, who was 14 last year and 6’2” tall, had twisted his ankle one Friday playing basketball at school. He didn’t tell me until the chiropractor was already closed for the weekend, forgoing the opportunity to be checked and adjusted as necessary until Monday after school. Realizing we were in “mommy-turf” over the weekend, and remembering other testimonials I read about PHL, I got out my book by Dr. A.B. Howard, and looked at what PHL products I had on hand. I followed the book’s instructions for making a poultice: I first layered Five Oils for its protective oil base, and the ability of the mints therein to open the pores and draw the next set of herbs into the body. Then I put on Ol’Number 11 and D.A.N.-C and Arnica, to reduce swelling, and heal all tissues in need of healing, whether muscle, tendon, cartilage, etc. Finally, I ended with some Herbal Adjustment, which works like a pile driver to pound in the herbs under it. I wrapped the ankle with gauze, then some plastic wrap, and held it all in place with an ace bandage. It worked so well that my son was complaining. Washing off the Herbal Adjustment, but redressed it by repeating all the other herbs. By the next day he didn’t need the ace bandage, and was able to walk on it, albeit gingerly. By Sunday he was fine, and on Monday so fine, when he went to the chiropractor, he could not find anything wrong with my son’s ankle. Thanks for saving my basketball player, PHL!” -Neva Strom, New York, NY
