NEW PRODUCT ANNOUNCEMENTS

RESTORING YOUR MEMORY—PRODUCT NAME: REMEMBER WHEN

If your memory is slipping or has slipped, you had better do something about it! If there are emotional problems affecting your memory go to your minister, priest or spiritual counselor and unburden yourself. In order to fix the brain and physical part of the problem read on. For centuries, the elephants of Ceylon (see-lon) south of India, achieved fame for their excellent memories. What do they do different from other elephants? They eat the leaves of a little water lily known as GOTA KOLA (go-to-kola). We can also use the leaves of the male and female GINKGO trees, which are known to increase the blood flow and circulation to the brain. Taken on a regular basis, these two herbs, GINKGO and GOTA KOLA, seem to do a pretty good job of bringing back the long-term memory in great detail. The memories of past events that return may be even better in terms of details such as color, sound, touch, taste, etc. than when they happened. For the short-term memory, use the two herbs: BLADDERWRACK and CHLORELLA. BLADDERWRACK is a sea vegetable and storehouse of minerals, vitamins and valuable trace elements. You may have read that aluminum has been implicated in Alzheimer’s Disease. One of BLADDERWRACK’S many abilities is to bind with the metal aluminum and usher it out of the body. Aluminum, unfortunately, is found in so many things, from baking powder to soda pop cans. It is added to many dried foods for the sole purpose of keeping them from “caking up” or sticking together. Another way aluminum enters the body is through the use of some underarm antiperspirants. When you get the inorganic aluminum out of the body, it helps to restore the nerves, glands and brain function. Use the plant CHLORELLA to get rid of mercury and heavy metals. CHLORELLA is not a sea vegetable, but rather a part of that golden colored algae you see in summer ponds. It is a very nutritious single cell plant that looks like a tiny gold dollar under the microscope. This plant has the marvelous ability to pull poisonous heavy metals, such as mercury and lead, out of the nervous system. In this day and age, with the coal burning power plants generating electricity and in the process putting a lot of mercury into the water supply, it would be a good idea to take preventative measures. After all, we use this water to bathe in, cook with, grow our fruits and vegetables and it also gets into the fish we eat. You may have heard that mercury is known to destroy brain functions. Bladderwrack and Chlorella are valued especially to improve short-term memory. Contrary to what you have heard, brain and nerve cells do regenerate themselves. Get the poisons out by eating right and then watch the repair take place. Keep in mind, when poisonous metals leave the nervous system, a poison antidote herb such as BLACK COHOSH should be used to counteract the feeling of agitation during the cleaning process. Also, use WORMSEED to correct and counteract the effects of many kinds of strokes which may cause memory loss. We have now joined these proven and tested herbs together to create the formula, REMEMBER WHEN. Finally, eat right, and get the “junk food” out of the diet!

RECOMMENDED DAILY AMOUNT: One tsp. or more per meal. Persist as long as it takes to repair, regenerate and restore both the long term and short term memory. Also, for a preventative and maintenance amount: 80 drops/day.

PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

Nov. 20, 2006

"January 2006, I didn't fall, but I did give myself a hard twist to keep from falling. Mid January I went for an MRI to see what damage I had done. The MRI showed a severe bulge at L3, 4 & 5 with nerve entrapment, knee damage which was medial meniscus and torn ligaments. I went back for another MRI in September and it showed a mild disc bulge at L3, but no nerve entrapment. The medial meniscus tear and ligaments were showing signs of healing and there was no inflammation. My program consisted of DSK., CA.-W, B.D.R.-C and Ol Number 11 all taken internally, one tsp. two times per day. Some days I would take the herbs three to four times per day to relieve the discomfort. I also juiced fresh vegetables every morning and drank 12 oz a day. I applied Vitamin E, Arnica Oil Blend, DSK., CA.-W, Ol Number 11 and B.D.R.-C topically to the spine and knee at night just before going to bed. For the first two months I walked with a cane because of the discomfort in the right leg. I went to the chiropractor one time per week for the first two months and then one time per month thereafter. I also had therapeutic massages once every two weeks for two months and then one time per month. After six to eight weeks I could tell the swelling in the disc was better and not pinching my nerves anymore. I still take three droppers full of the above formulas two times a day and probably will the rest of my life. The doctors told me that at my age (63) that the body would not heal. I proved them wrong! Every Monday evening I tap dance with our daughter and granddaughter. There is no pain in the back or in my knee! A good herbal program is powerful if you are committed to heal your body without surgery or drugs, no matter what age you are! Thank you Pure Herbs for your high quality products!"
—Jean Kinnett, Lawrenceburg, IN

Feb. 20, 2007

"I had been caring for an elderly parent and had a few hours off. I wanted to get outside for a bit so my sister and I laid out at a park. My sister had a blanket and I just had a large towel. I had seen ducks over in that area just a half hour before and wondered if we should find a better place. I didn't take long to discover that a better place would have been a good idea! My entire stomach area was covered with chigger bites (at least 30 of them) and wow was it miserable! I didn't want to cover that many bites with nail polish because of the chemicals. When I got home I found some Big 5 and applied it twice because once wasn't enough. Following the second application the pain started to ease. (Note: Don't overuse because it did burn for awhile, about a half hour, and the skin was red after the second application. If you use Peppermint Oil or Peanut Oils before putting on the Big 5 you will help prevent the redness). It did kill them by morning though and the swelling was down! By the third day there was no sign of them left. Also, I want to tell you to be careful not to get the Big 5 in your eyes. Make sure you wash your hands immediately following all applications of it. Also, it is for external use only!" —Bonnie R., KY

January 29, 2007

"Success with Bladderwrack!!! My son suffered with blotchy skin and a cold sore that just wouldn't go away. He also had candida which I could not get under control no matter what I tried. I wrote to Solomon and he recommended Bladderwrack for the both of us to get rid of excess aluminum we had. After two weeks my son's skin became much clearer and the cold sore he had for six months went away! Finally, I am able to keep candida under control. The high levels of aluminum that we had caused many of our problems and Bladderwrack has helped us to eliminate the dangerous metal from our body. Thank you so much! I swear by your herbs. They are the HIGHEST quality and work so well!" —Suzanne Delich, Dyer, IN

July 9, 2006

"Here is my testimonial on Five Oils. The coolest time of day to tend to flowers is evening after 7pm. Usually, the drawback was mosquitoes and their bites. Well, I used a fair amount of the Five Oils on my arms, face and any exposed areas of my body. I usually wear a long sleeve shirt, hat and look as though I'm going on an African safari. That's changed now! No bites, stings, etc. All these flying critters keep their distance. Gardening has become a joy. Also, I love the fragrance of the blend. What a great product!" —Sheila, Hendersonville, NC

 “I recently was vacationing down in Mexico and ended up with a nasty sunburn. Luckily I had my Skin Lotion Plus #101 scented with Lavender with me. I know from past experience that Lavender is really good for any kind of burn pain. I rubbed the lotion everywhere I was sunburned. Within seconds the awful pain was gone and within about a day most of the redness was gone. I was pleasantly relieved! I also used the lotion in the evening before bedtime on a couple of nasty blisters that were on my feet from walking so much. By the next morning the blisters felt better and I was able to walk without pain. I will never go on vacation without my Skin Lotion #101!” —Kim @ Pure Herbs, Ltd., Sterling Hgts, MI

Dec. 18, 2006
 “My husband recently had the flu. Because of what I know about flu shots, we do not take them. Although he is never sick, walks every day and eats right, he had been under a great deal of stress at work and had been in a really bad mood for months. He had a fever the second night of over 101. I put him in a ‘Ginger and Epson Salt bath’ to sweat out his fever (Epson Salt is not to be used with diabetics). I did this not to get rid of the fever, but to bring it down. He also did Garlic Suppositories as an antibiotic. On the second day, he began taking Wild Rose Hips 10-20 drops every couple of hours. He also stayed away from sugar (which suppresses the immune system). After two days the flu symptoms were over but wait . . . it gets better. He has been carrying a small bottle of Wild Rose Hips and taking drops throughout the day. He told me this morning it is acting as an anti-inflammatory and that his joints no longer hurt. He is feeling better and his mood has improved tremendously. He is so excited that he read up on the Wild Rose Hips and found out that in addition to giving a sense of well-being and acting as an anti-inflammatory, Wild Rose Hips is also a poison antidote. Thanks Pure Herbs for making another one of God’s natural products available.”

 “I hit my thumb on accident with a big hammer and it hurt like crazy. Doc (Dr. Watkins) looked at it and said to use Skin Lotion #102, Arnica, Herbal Adjustment and Five Oils. I put it all on a gauze and wrapped it around my thumb. The next day a lot of the pain and swelling was gone. The herbs really helped to excel the healing process. Thanks Doc!”

 “I have had excellent results with taking the Pure Herbs Hoodia Extract. For about five years now I have not been able to lose weight, always staying at the same weight. I’ve tried many diets and other supplements with no luck, especially since I have health issues which prevent me from losing weight. I’ve been taking Hoodia Extract for one month now and I have lost 24 pounds!!! Thank you.” —Kim Shrum, MI

Feb. 22, 2007
 “Recently I had a time with an attack of scleredema on my ankles and legs. You should have seen how blood red my legs were and they were very painful too. I started putting Vitamin E on them first and then I applied Oil of Cajeput. When I ran out of the Cajeput I then applied the Vitamin E and Wintergreen Oil. I did this three times a day. I can’t believe how it helped the pain and how quickly I got better. I need larger bottles because this is something I must have on hand! I told my Doctor too! Send more! Thank you Pure Herbs.” —Rosalie Jacobs, Sarasota, FL

July. 6, 2006
 “I developed a sore place with swelling in the crease of my nose where it meets the face skin. There was also a sore lump of some kind on the nose next to the burning crease. It kept getting worse and burned a lot. I started putting Five Oils on it and I opened capsules of Vitamin E and Vitamins A & D and put them on too. The burning stopped almost at once and the swelling eased up at the same time. I worked about a week and a half with applications every time it hurt. I don’t know what you would have called my nose problem, but it is gone now and I’m happy about it!” G. W., Sterling Hgts, MI
