\$1,200.00 and up	\$ 15.00

C.O.D. FEE IS \$9.00

Please note: Because 1-oz. and 4-oz. bottles must be shipped separately in UPS approved containers, each is a separate order. So, if you place a 1-oz. and a 4-oz. order at the same time, they each have to be shipped as separate orders with separate shipping charges.

Capsules, tablets, creams, lotions and plastic spray bottles can be put in either a 1-oz. or 4-oz. box, or shipped by themselves if you do not need any liquid herbs.

Capsules, tablets, creams and lotions shipped without 1-oz. or 4-oz. bottles are at the same rate as above.

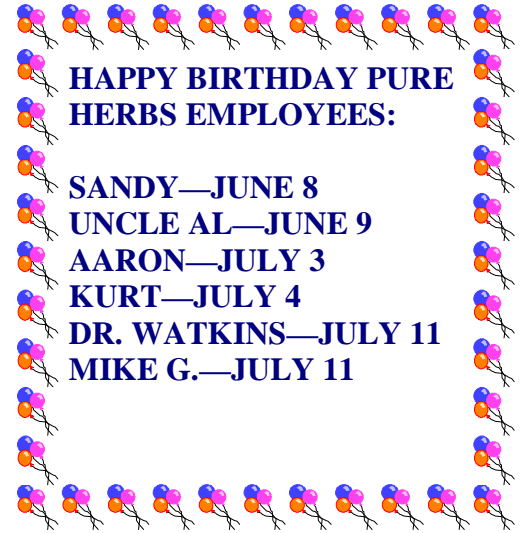

RETURN POLICY

Due to F.D.A. regulations regarding food products, Pure Herbs, Ltd. has a no return policy. The exceptions are breakage and manufacturing defects. To return a product, you must receive prior approval. In the case of shipping errors, returned bottles must be as shipped (free of store pricing labels) and returned in a timely manner (with current lot numbers). All items returned with non-current lot numbers, distributor labeling, or two weeks after receipt, will be charged to your account. This policy is necessary as the returned product must be destroyed due to F.D.A. regulations.

APPLYING HERBS EXTERNALLY

All parts of the body do not absorb good things from the herbs at the same rate. Some parts of the body are troubled. As a rule, liquid herbs are absorbed better than pills, tablets or capsules. However, sometimes you need to rub the herbs directly on and over the spot that needs help. This is a great strength of the liquid herbal extracts. As a matter of fact, this is why we have liquid herbal extracts, creams and lotions, so you can also apply them externally. These products can be absorbed easily through the skin and released "bit by bit" to help the area where they are needed. Now, the best part of all of this is if you take a high quality liquid herbal extract internally and also apply a high quality herbal extract externally for the same problem, you have a very effective delivery method to reach and correct a problem.

PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

July 9, 2007

"For the past four years I have had severe water retention with no explanation from doctors as to why or what to do for it. This past January I started taking Alfalfa capsules (two per day) and Celery Seed extract (two to three droppers full). I no longer have water retention!!! I have skinny fingers and ankles again and my rings fit my fingers once again! I am no longer stiff and full of water! Thank you Pure Herbs!" —Kim Shrum, Warren, MI 586-806-1547

May 7, 2008

"I woke up one morning with heavy vaginal bleeding that would not stop. I stayed in bed and began to think and pray. I knew if I went to the hospital, like my grandmother, mother and sister, I would end up having my female organs removed. And it didn't stop there with my family; they had surgery after surgery, medication upon medication and their health did not improve. I had heard about Jonny Yaden helping people and decided to call her. She gave me some life changing suggestions. I immediately stopped all junk and processed foods, began an organic whole foods diet, green drink, some wholesome lifestyle changes (like daily sunshine) and began to use the following Pure Herbs products: To cleanse the uterus and stop the bleeding I mixed together in about two cups of water and used as a douche holding it in for 20 minutes two times per day: 80 drops each of Bladderwrack, Shepherds Purse, Herbal Adjustment, Black Cohosh, Virginia Snake Root, Bayberry and Indian Tobacco. To strengthen my body to cleanse itself, I took by mouth 80-120 drops each three times per day of the following herbs: D.A.N.-C, Bilberry, T.-W, Wild Yam, Formula Three, Royal Jelly, Herbal Adjustment, Bayberry, Chaste Tree Berry and Red Clover Blended. I also took 10-20 drops of Indian Tobacco, Vitamin E with Selenium and Vitamins A & D. I also included a good bowel program. At that point the stress level was so high because of the toxins leaving my body. I was passing parasites 7-12 inches long. Jonny kept me encouraged and on track and I was convinced God had lead me this way. Within seven days the bleeding had stopped enough that I could be up and about. In another six days the bleeding had completely stopped. I am writing this 4 1/2 years later and have not had the bleeding problem again. I am not on any medication and have not been to a doctor since learning how to use Pure Herbs. Having my uterus removed would not have addressed what was causing the bleeding . . . My body's need for nutrients to clean out the chemicals (heavy metals) and parasites. I am so thankful God brought Jonny Yaden and Pure Herbs into my life. I have my female organs intact and continue to get healthier and stronger every year." —Love from Robin in Texas

"In March 2007, I was diagnosed as being in Stage 3 of kidney disease brought on by hypertension. I told my doctor that I was more inclined to try herbs rather than chemical medication. He said, 'Oh no, no!' Well, I went home and researched kidney disease and put myself on KID-W Juniper Berries, Buchu, and Hydrangea. I took an entire 4-oz. bottle of KID the first month along with the other herbs listed which I currently still use at a rate of 40-60 drops per day. In addition to the herbs, I ate lots of asparagus and watermelon and drank good amounts of cranberry juice, prune juice and water. When I was diagnosed with Stage 3 kidney disease my kidneys were only working 54%. As of June 2007, my kidneys were working 61% (Stage 2) and as of September 2007 they are working 66%. I give praise to God and Pure Herbs. I can't wait for the day when my kidneys are working 100%!!! Blood tests show the results."—K.M., Monticello, IN

"On December 7, 2007, I slipped on the ice and broke my ankle. I immediately started taking Ol' Number 11, one tablespoon three times a day. Within 13 days I was able to walk without crutches, and when my cast came off one day shy of four weeks, my ankle had healed beautifully. Now five weeks after my fall I am back to walking four miles a day. Thank you Pure Herbs!" —D.B., Steamburg, NY

SUCCESS TESTIMONIALS CONTINUED:

April 28, 2008

"Al Pfund (Pure Herbs, In Charge of Production) is my cousin. In October 2007 I was told I needed a chest x-ray. Following that I was told by my family doctor that there was some problem and that I needed to see a lung specialist, so he scheduled the appointment for me. I found out that I had to pay \$400 up front and because I was not working at the time I was not able to afford to pay the \$400 so I had to cancel the appointment. In December, 2007 I ended up with a terrible case of shingles. Finally, in February of 2008 I had health insurance and was able to finally get my lung and liver Cat Scan. On March 8, 2008 I went to my new doctor and he gave me the results of my Cat Scan. They found five lesions and four of them were benign and one was malignant. You could of knocked me over with a feather! It was the worst day of my life and all I could think about was how can I tell my daughters and my mom? I did find the strength to tell them. I also told my cousin Al that I had cancer. Al said that if he had that problem there are some herbs that he might want to try. On March 10th, 2008 I started taking the following herbs: Red Clover Blended, Protein Extract, Milk Thistle, and Greasewood at a rate of one teaspoonful three times a day following a meal. I also bought Flax Seed Oil from a reputable company and rubbed that on my shins several times a day. On April 15th, 2008 I went to see a lung specialist and he told me my two options and I settled for a P.E.T. Scan. On Sunday, April 19th, 2008 Al said to me, 'Wouldn't it be great if they couldn't find your cancer Brad!' On Monday, April 20th, 2008 The lung specialist doctor called and said he had the results of the P.E.T. Scan. He said, 'Mr. Atkinson we can't find your cancer.' I made my doctor repeat what he said at least three times! I laughed and cried at the same time! I called Al and told him the wonderful news. I told Al that I would never stop thanking him. I still take the herbs and will always tell anyone that will listen about the wonderful herbs I am taking. Thank you so much! I am a true believer!" —Mr. Brad Atkinson, Bay City, MI

October 11, 2007

"I had a planters wart on the bottom of my foot for at least four years, I went to several doctors and each tried to cut it out and then put acid on it. I would have to go back several times to repeat this process and each time they cut it out it would hurt. After the cutting they would put the acid on with a bandage and this made walking very uncomfortable. I assumed I would have to live like this for the rest of my life because the doctors couldn't seem to permanently get rid of the wart. Then I found out about Carpenters Square which I applied to the wart twice a day and covered the area as suggested. Within a week I saw results! The wart began to get smaller and smaller each day. By the end of a month I took tweezers and pulled out a wimpy thread that had been the source of all my troubles which were now gone completely! Thank you Dawn and Carol." — J.G., Royal Oak, MI

JUNGLE OIL

The **CAJEPUT** (kad-chew-puht) tree is at home in the jungles of India, or if you prefer you may call it the tropical rain forest. Call it what you like, it is basically a hostile place for humans to live. Among its other discomforts it is hot, wet and dark: perfect conditions for fungus to grow. The Cajeput tree has its leaves high in the canopy of the rain forest to receive sunlight, but its bark is in the dark, humid heat of the jungle. And interestingly enough, no fungus grows on the bark of the Cajeput tree. This is because two percent of its sap is made up of the Cajeput Oil. This oil has numerous wonderful human uses as well. Applications of Cajeput Oil can kill fungus, ringworm and Athlete's foot. Warts and moles on the skin absolutely hate the stuff, which leads us to believe that they are perhaps caused and aggravated, at least in part, by fungus. Cajeput Oil can also be applied to swollen, painful areas for quick relief. It works well for the painful toenail areas of diabetics. Cajeput Oil can also be applied to swollen gums, acne, itchy areas and insect bites. It works well to eradicate head lice and is great for fleas and their eggs. To get relief from nasal congestion, put several drops on a handkerchief or tissue and breathe deeply as needed. And finally, brush a drop on the back of the tongue to break up mucus form a cold, flu or sinuses. It is no wonder many people carry a small bottle of Cajeput Oil in their pocket or purse as part of their first aid kit.
