HERBS AND JUICE

Many of you are calling to ask if the herbs can be put in juice to make them easier to take. The answer is **YES**. There is no reason why you cannot put the herbs in juice, or water, or pretty much whatever other liquid you might desire. If you choose to go with juice, people say that you can achieve the best taste with the light juices. For example: apple, white grape, white cranberry and the like. Enjoy!!!

PURE HERBS, LTD. SUCCESS TESTIMONIALS USING PURE HERBS PRODUCTS

November 7, 2007

“I visited Reuben’s office in Kentucky and was introduced to their anti-flu recipe which is: four droppers of A.F.-R and one dropper of Peppermint Oil in two to four ounces of water. If able, may be taken without water, but is very strong. If exposed to the flu, take a dose immediately or at first sign of flu start taking immediately. May be taken every two hours in crisis situation. Upon returning home from Reuben’s office my friend Darlus told me she was having flu-like symptoms and was very ill. I suggested the anti-flu recipe. She was tired of being sick. I explained the ingredients and dosages. A few hours later I checked on her and Darlus was immediate with her response. She said you have to brace yourself for the first dose because after the first dose every orifice was draining something out of it. Darlus felt completely cleaned out. Then the heat came. She said she felt a warm glow to a gradual HOT feeling from the top of her head to the bottom of her feet. She was no longer cold. She was HOT. Clothing started coming off, fans started coming on! She finished off with a run to the bathroom – knowing full well that anything poisonous or otherwise had vacated the body. Darlus stated that she felt 100% better and was no longer cold. When the nausea tried to return she hit it with two more doses two hours apart. The second dose wasn’t nearly as hard to take as the first one. Darlus says brace yourself, hold on and the flu will soon be gone!” —J. C., Marion, IL

“I was totally unaware that I had been bitten by a brown recluse spider, but noticed a red whelp on my thigh. I never felt a bite, and it did not hurt at the time. However, as time went on, the area got much redder and the entire area was about the size of a fried egg, with the center being swollen and raised up. I was beginning to become quite concerned about it and it so happened that I was at church that evening and I asked for prayer. I still did not know what I was dealing with. On the way home, I continued to pray about this bite (which I thought might be an infected mosquito bite). Suddenly, I heard the Lord tell me ‘poultice’ and I envisioned the bottle of C.C.E.-W. I have six different herbal extract products on my kitchen counter which I take as suggested by my herbal practitioner, Reuben Schwartz. But, the Lord was VERY specific – it was to be the C.C.E.-W!!! Since this word from the Lord, I have researched this product and now know the healing properties it has – it clearly says it is a poison antidote and I definitely had been poisoned with brown recluse spider venom! That evening I put a poultice soaked with C.C.E.-W over the entire area. By morning the area had reduced from the size of a fried egg to the size of the yolk of an egg! I continued this regime changing the poultice three times a day, then after a couple of days, as it was healing, I just used a cotton ball soaked with C.C.E.-W to cover the area. During this time, it became necrotic (containing dead tissue), but I never stopped putting the C.C.E.-W on. There was no pain when I had the poultice on it and it healed up without leaving a scar!!! The area is a bit discolored, but I believe it will return to normal. I went to the doctor for a pap smear while the necrosis (dead tissue area) on my leg was still apparent. The doctor looked at it and said, ‘Oh, that is a brown recluse spider bite’. That was the first time I knew what I had been dealing with! She asked me to get her the information on the Pure Herbs product because their office staff see many brown recluse bites in the summer and she would like to be able to recommend something other than steroids and antibiotics. Your product (C.C.E.-W) totally healed the brown recluse spider bite and I wanted to share this with you because this dangerous insect is getting much more prevalent in our area.” —C.J.P., Shepherdsville, KY

“Thank God for these herbs and all who study about them and pass them along for us to take instead of the man-made drugs for our ‘diseases’ . . . (I know that we sometimes have to take the manufactured drugs when there is no other choice and I am also thankful for that). I have a hiatal hernia, acid reflux and did have ulcers. I took several medications from my doctor to help all of these problems and ended up taking Prevacid on a daily basis. I also eliminated all caffeine and foods from my diet that aggravated the problem. I read testimonials on Figs and starting taking it. I have taken one full bottle and am on my second bottle now and no Prevacid or any other antacid since!!!” — J. C., Johnstown, NY

MULTIPLE SCLEROSIS OR MS TYPE PROBLEMS

In this condition the protective covering around the brain, spinal cord and nerves has been allowed to deteriorate. What must be done to correct the condition called Multiple Sclerosis (MS) is to repair the insulation on the surface of the brain and the spinal cord. Just like with an electrical cord, the insulation can get worn off and short circuits causing big problems. The solution, in this case, is to repair and or replace the insulation by supplementing the diet with the nutritional materials that make up the covering of the brain and the spinal cord and the nerves in general. This process may also involve detoxification, eradication of viral involvement, general dietary supplementation and elimination of all "junk food."

REPAIR AND REPLACE THE OLD INSULATION ON THE BRAIN, SPINAL CORD AND OTHER NERVES.

Internally take ten capsules of liquid LECITHIN, four times per day.

NOTE: Lecithin is normally made by the liver. It is an internal nutrient. However, the liver may not make enough. One basic problem is that people often do not eat enough Vitamin B complex foods and then the liver has nothing to make Lecithin from. This commonly occurs because of dieting or eating "junk foods." A second basic problem is that people often put themselves under great stress at work or with personal problems. This wastes B Vitamins at a rapid rate. Thus a person gets depleted. A third basic problem is that people often take cholesterol lowering drugs. These drugs also cut down on the liver's production of Lecithin, and other liver functions. The fourth problem is any combination or all of the above.

Externally:

1. Apply and massage in high quality natural **PEANUT OIL** (or **ALMOND OIL**) from a health food store to the entire length of the spine from the tip of the tailbone on up and onto the back of the neck. Apply the oil the width of the person's hand. Do this two times per day such as morning and night. Keep oils cool after opening. Nourish and coat the nerves.
2. Apply **VITAMIN E OIL** from capsules (not bulk Vitamin E) to the spine in the same manner. Oxygenate the nerves.
3. Apply in the same manner **BEE PROPOLIS** and eliminate any viral involvement.
4. Apply in the same manner **BLACK COHOSH**. Detoxify poisons in the nervous system.
5. Lastly apply **HERBAL ADJ.** (Herbal Adjustment) to the spine in the same manner. Carry the oils into the body.

Each day supplement with a protein and B complex source one time per day at a meal, one tablespoon of **BEE POLLEN**.

Each day supplement with natural source liquid vitamins and minerals. One tablespoon **FORMULA MAX** at one meal per day.

One tablespoon **RICE BRAN** or **WHEAT GERM** Extract at one meal per day to protect brain and nerves from free radicals (poisons).

80 drops of the herbal combination **MUGWORT & WORMSEED** each evening to reestablish nerve stability.

BOWEL MANAGEMENT PROGRAM:

Each evening 1-4 capsules of **CASCARA SAGRADA** to produce two or more bowel movements per day. Keep inside of body clean.

DETOXIFICATION OF BODY AND FLUSHING AWAY HARMFUL WASTES

TWICE PER DAY:

Make and use **GREEN DRINK**. In one pint of water blend one handful of any edible green leaves such as Romaine lettuce or Green leaf. (No Iceberg lettuce or Spinach, as they are now treated with radiation). Blend for one minute, then filter through a paper coffee filter if desired. Do not add anything to the **GREEN DRINK**. Also, make sure to drink it fresh.

NOTE:

No "junk food." This means eat nothing made with white flour, (pies, cakes, crackers, pizza crust, etc.) no sugar, no artificial sweeteners, no artificial colorings, no artificial flavorings (Kool Aid is a perfect example), no food preservatives, no artificial trans-fats or hydrogenated fats (Jiff peanut butter and its kin and Kraft Singles or American processed cheeses, are examples), no Crisco, or margarine. Read the labels.
